

SPORTS

EDITED BY JESS WOODS THURSDAYS AND SUNDAYS.

FAST GAMES SUIT FANS

Elks Slaughter Mailles and Puns Lick. H. A. C.

Poor Joe Cohen carried home a well-filled basket of eggs yesterday afternoon. The little goat that the Mailles had on hand bedecked in green and gold failed to butt in the right direction. It is to the woods with Mr. Mascot hereafter. While Joe took his medicine Doc Monsarrat left the grounds with a light heart and a happy smile. His colts had at last won a game and played in style that may yet get them up amongst the leaders.

Hampton and Desha both pitched great ball and deserved to win. Hampton routed the wasps in true style. He kept the batters reaching in such shape that more than one Maille will wake up with a sore back this morning. Hampton allowed but two hits, he struck out eight men and passed but one. Now this is traveling some.

Desha in the game also did some brilliant work. The Reds did not have their lamps lit and the result was eleven strike-outs for Desha. He allowed but one free transportation to first. Only seven men connected with his benders for safe ones and these were well scattered.

The Colts had their batting eyes in working order and slammed the sphere for ten safeties and one home run. They played a good fielding game and showed some improvement over their previous games.

There was just enough spectacular play in both games to keep the fans in a joyous mood. Geo. Desha's catch in left lawn and Honan's aerial leap in the opposite garden were of the hair-raising character. Stiles's home run and Evers's three base hit brought the stand to their toes, while "Old man" Moore's five spot lit up the hands of Empire Bowers lit up the whole scene. All say he must now go to work to pay off this incumbrance.

Bowers is having his troubles keeping the batters in the box these days. Bert says he is going to have a board fence erected.

The Mailles showed a decided improvement in their fielding and, considering everything, put up a fair game. A good crowd was in attendance and left well-pleased. If this variety of ball continues Pres. Isenberg will have to extend the seating capacity.

P. A. C. vs. H. A. C.

The champs were the first to the bat, but failed to do any damage. Stiles started things going for the Puns and crossed the plate for the first score, giving the Colts a lead which they held until the third spasm, when the Reds hit on Desha and Williams. De Fries and Gleason crossed the plate, giving them an advantage of two. There was nothing done until the 5th, when the Puns struck a batting streak and did not stop until they had three men over the rubber. The game was won at this period, and try as they would, the best that either team could draw, was a blank. The H. A. C. had a little hard luck in the seventh, when with two men on bases Gleason hit through Kim Pook and scored two men. Pat made the mistake of stepping out of the box when he connected with the leather and he was declared out and the runners sent back to their bases.

Score by innings—

	123456789
H. A. C.	000300000-3
Punahou	10003000-4

ELKS WALLOP MAILLES.

Mailles won the toss and took the field. In the very first inning the Mailles began their error getting by Honan missing an easy sky-scraper driven out to right by Evers. The Elks could not size up little Freitas and gained nothing. Hampton opened up in the first, a little wild and passed En Gee. The latter died between second and third being caught off his sack.

The Mailles played championship ball in the second and "home run." Bob made three mighty swats at the atmosphere, striking out the fifth consecutive time.

In the fourth Moore drew a walk to the initial base. Evers hits over center field for three bases and Moore runs home. Hampton followed for three sacker and scored even. Hampton moved up on Cogswell's connection. This netted three runs for the Elks and things look sad for the Wasps.

The Mailles were up against the real thing and could get no one around the circuit. Hampton had them all guessing on a wide out curve. Macfarlane made a pretty play in the sixth by backing up the short stop on an error and by a pretty throw caught Wilder at the plate.

In the eighth inning the Elks again began to pile up runs and Evers. Hampton and Cogswell crossed the pau making the Elks 6, Mailles 0.

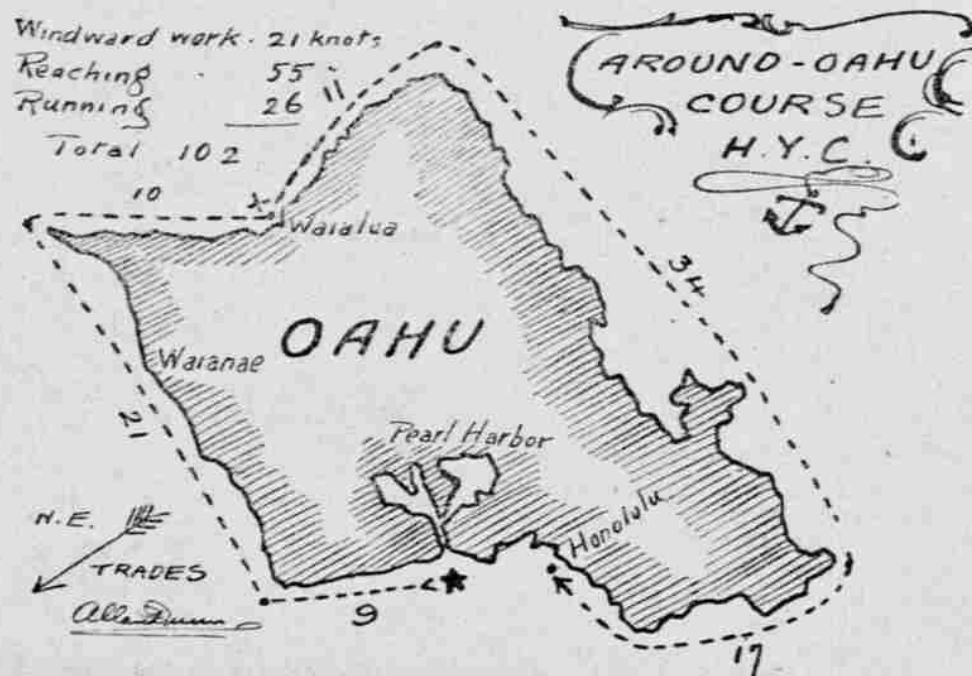

Score by innings—

	123456789
Elks	00030003-6
Mailles	00000000-0

MIDWINTER LEAGUE.

The Midwinter Baseball League, or it should be called, properly, the Midsummer League, may play its first game about July 15. Arrangements are being perfected whereby the league may get an early start, to lap over the end of the regular season by several weeks.

The league has a proposition from the Kaimuki people to play Sunday ball

H.Y.C. Flyers Will Race For Governor's Trophy.

Whilst yachtsmen throughout the world are anxiously awaiting the result of the ocean yacht race at present being sailed across the Atlantic for the cup presented by the German Emperor, the Corinthians of Hawaii are more directly interested in the outcome of the coming race around the Island of Oahu for the cup which has been generously donated by Governor Carter and which is to be known as the Governor's cup.

At the early part of the present season, Governor Carter, who has always shown considerable interest in the sport of yachting, offered to present a cup to be raced for under conditions to be determined by the officers of the Hawaii Yacht Club, Ltd. The following extract from a letter, written by the Governor in connection with the proposed trophy to the club secretary, demonstrates his enthusiasm:

"Yachting in Hawaii ought to be encouraged in order to build up sturdy young men in the community who will be familiar with the waters surrounding them. I know no community where the percentage of those who are familiar with the water, know how to swim, and are accustomed to it, is so large."

A meeting of yacht owners and the Regatta Committee of the Hawaii Yacht Club, at which Commodore H. E. Pickett presided, was held on Friday, and the conditions of the coming race were decided upon, subject to the Governor's approval, which has since been given. Any yacht that is owned and sailed by an amateur is eligible for entry.

The start is to be made on the night of Friday, June 9th, at nine o'clock, from an imaginary line drawn from the lighthouse in Honolulu Harbor to the landing stage of the Heian Boat Club.

From the mouth of the harbor, the fleet will point for Diamond Head, after rounding which and Koko Head being left astern, a dead beat to windward will have to be made before Makapuu Point is rounded. The skill and endurance of the amateurs will be tested to their utmost in the handling of their yachts in the turbulent waters of Molo-kai Channel with a head wind at midnight. It is hoped that there will be a regular north east trade wind, which will enable the helmsmen to clear the

Swimming.

The recent organization of an Inter-collegiate Swimming Association is a move which should have been taken several years ago. Although belated, it is destined to produce beneficial results. So general has swimming become that no university of importance is considered well equipped unless it possesses a tank for swimming and water polo. The new athletic regime of the University of Pennsylvania, which has decreed that swimming shall be compulsory among all students who take the course of physical education, has set an example which is well worth emulating elsewhere. The continual loss of life due to ignorance of swimming should surely commend the value of compulsory swimming. The innovation is one which other universities could adopt with profit. An intercollegiate swimming association, with a championship meeting each year, will stimulate the college swimmers as nothing else will do and must certainly develop a new crop of swimming champions.

The referee of the Hart-Johnson fight may have given a strictly fair decision, but it must have been very close when it took a column to explain it.

Although boxing is not allowed in New York, fights in private are almost of nightly occurrence.

Abe Attell has recovered from the recent operation on his nose, and is planning a busy campaign.

Madge—"Did the doctor tell you that you had any pronounced disease?" Dolly—"Yes, dear, but I couldn't pronounce it if I tried for a week."—Town Topics.

HACKFELD VS. DAVIES.

The baseball team of Theo. H. Davies & Co. have accepted a challenge from the Hackfeld nine to play a game of ball on Tuesday, May 30. The game is scheduled to take place on the Makiki grounds at half-past one and should prove very interesting. It will be remembered that when these two nines met last, the Davies aggregation came out the victors, and the Hackfeld nine decided to even matters next Tuesday. This will afford an opportunity to the members of the Elleford Co., to witness an exciting game of baseball, as they are not able to attend the regular league games on Saturday afternoons.

SULLIVAN VS. MITCHELL.

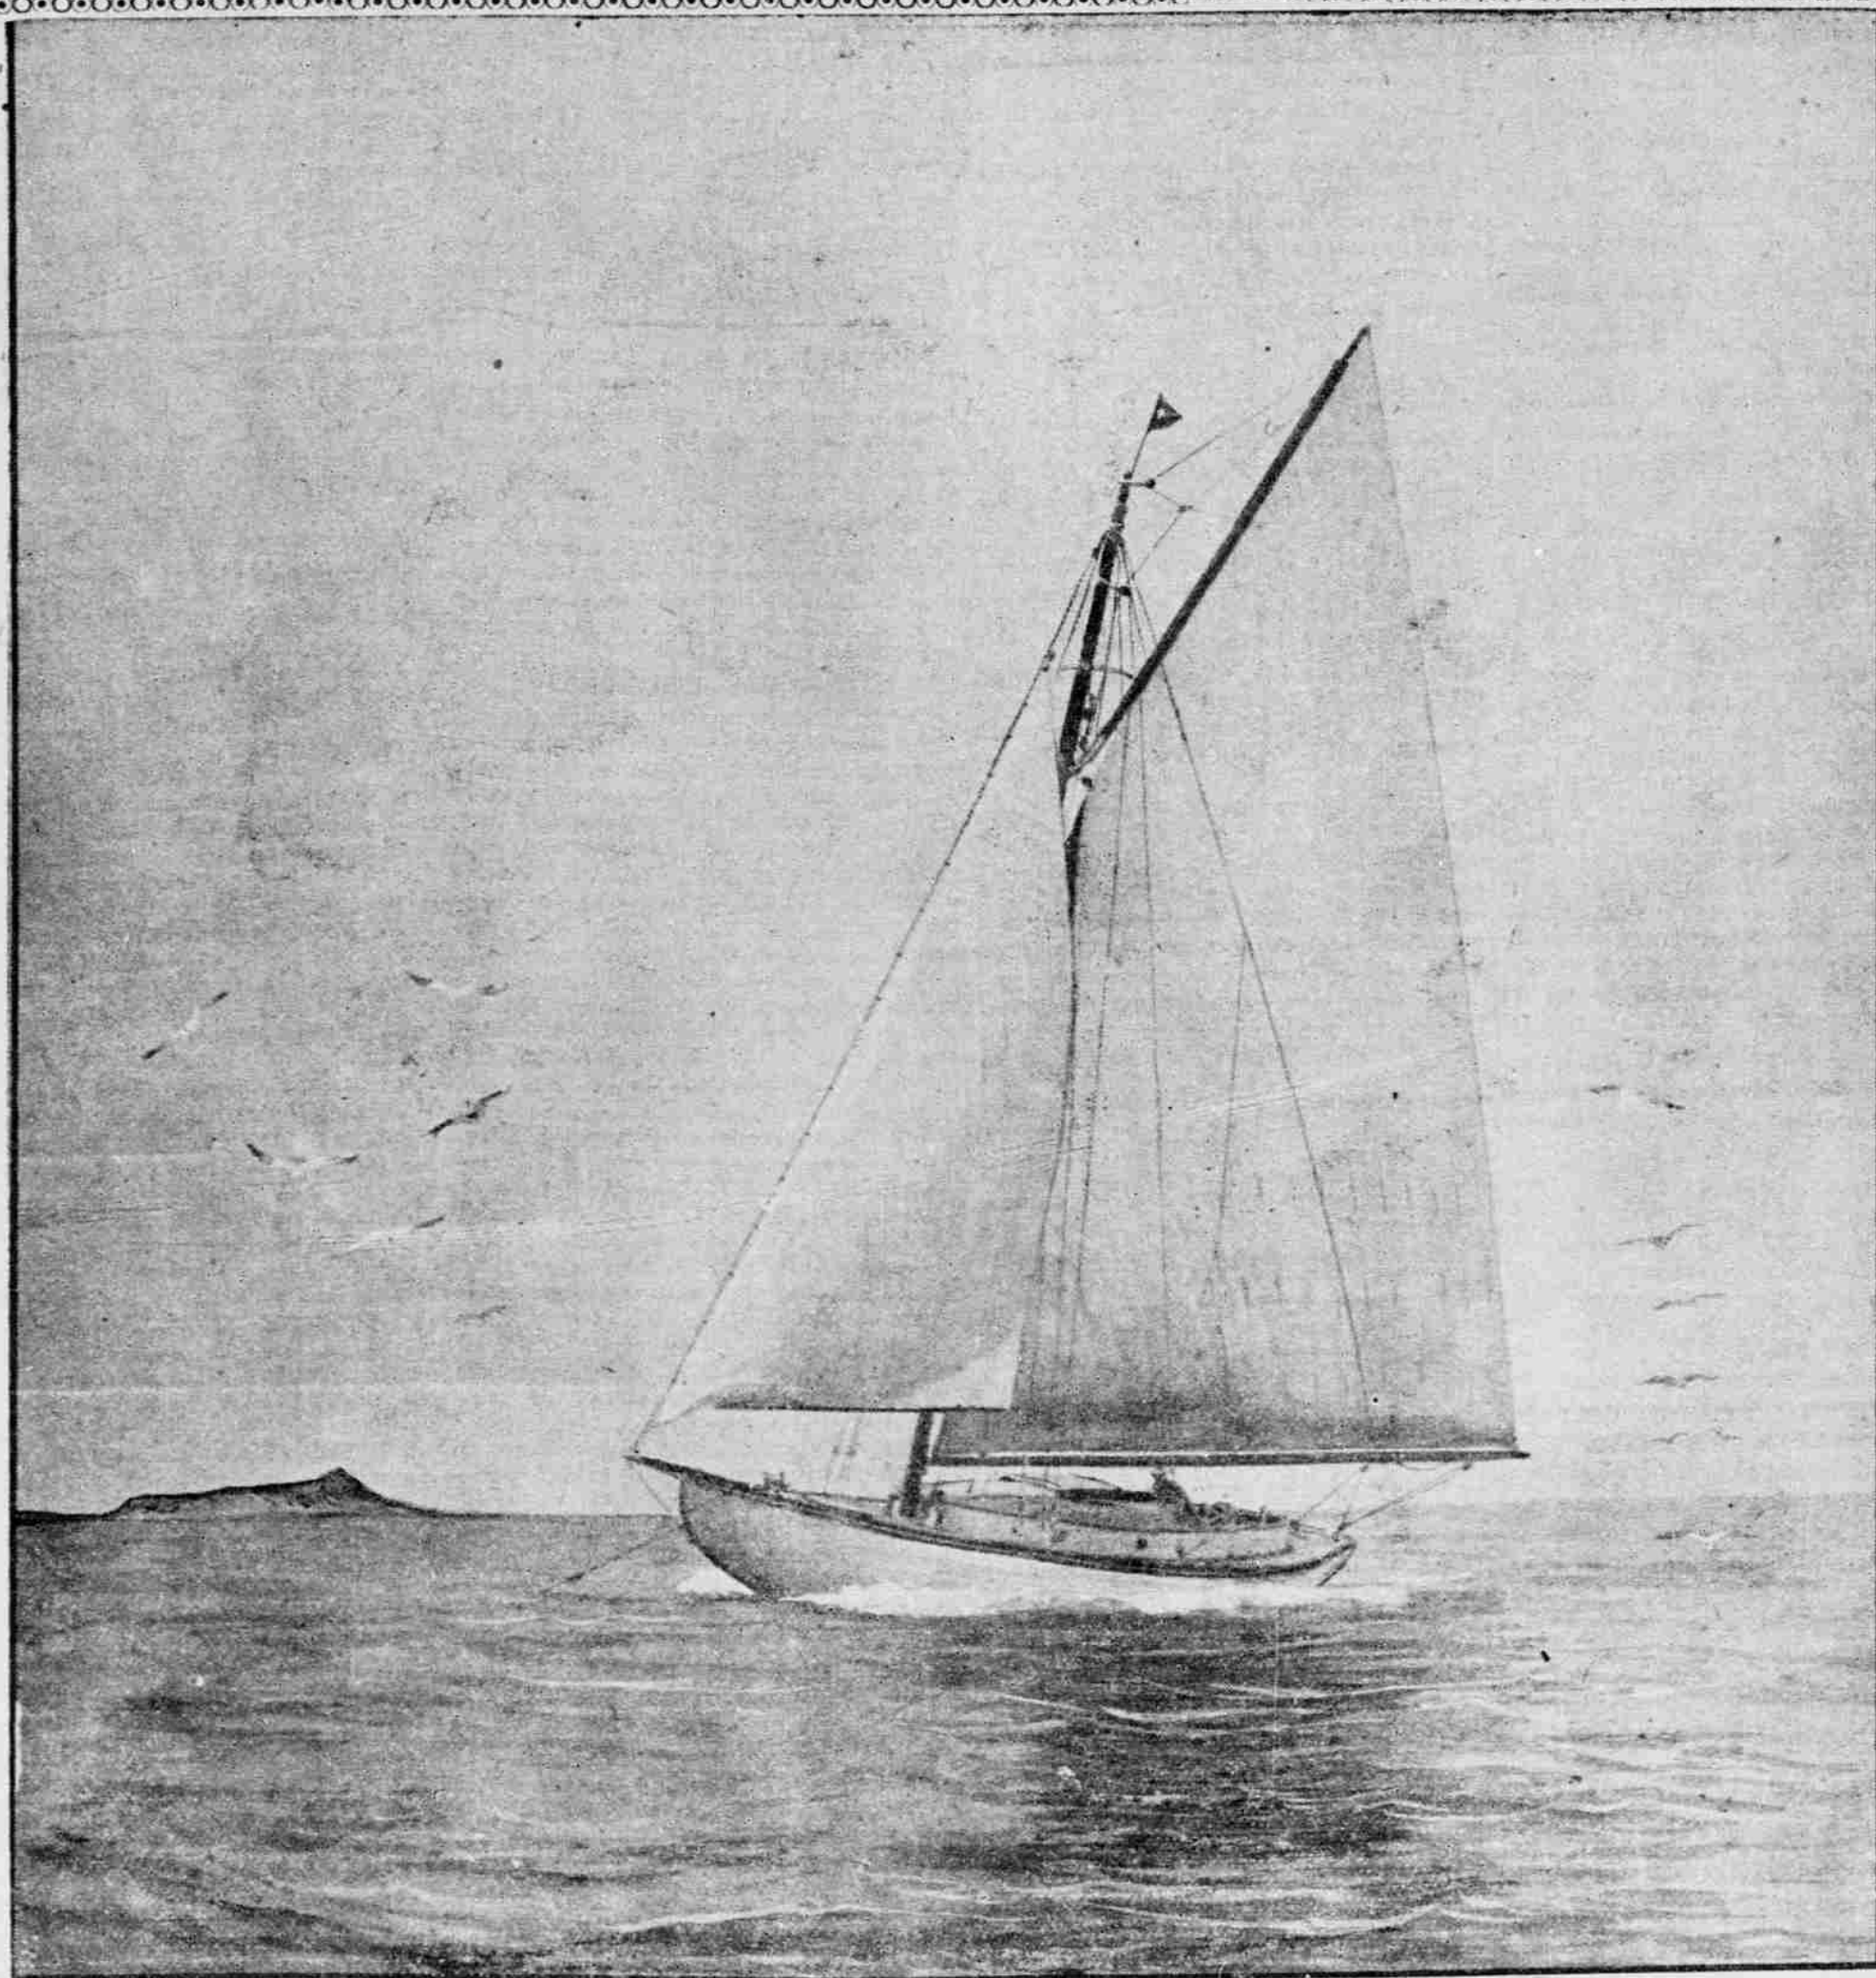

So Sully's matched with Chawles again. And I'd not bet a dinner. We won't see old Methuselah A-challenging the winner.

Now, as the ancients seem to be a managerial asset, Why not sign on those hoary steeds: Longfellow—Harry Bassett?

And while the thing is warm let not the matchmaker's hand be stayed. Why shouldn't Lady Suffolk trot With bonny Goldsmith Maid?

Nor is that all; a good and sporting Action might be done. By giving Nap, another crack At good old Wellington.

And since the gent wot loves a scrap To A. D. heroes hie, Why not fix up a return match Twixt David and Goliath? H. M. AYRES.

SLOOP-YACHT GLADYS WHICH WILL ENTER THE BIG RACE.
